MODERN LOGISTICS DEVELOPMENT IN EMMEN

P3 presents a state-of-the-art logistics property of approximately 66,140 m² in Emmen, located at *Bedrijvenpark A37*. The site is strategically positioned along the A37 motorway, offering direct connections to the Randstad, Germany, Scandinavia, and Eastern Europe. With the upcoming expansion of the German E233, travel time to Hamburg and Bremen will be reduced by around 45 minutes, while seamless access to the A1, A29, and A31 ensures fast transport routes to the Ruhr region and southern Germany. This makes Emmen a prime hub for international distribution and is ready to move in!

The distribution center is available as a whole or for rent in units starting from approximately 14,225 m², making it suitable for companies of varying scales. The development is tailored to support logistics, distribution, and light manufacturing operations, with high-quality specifications that allow for diverse operational setups.

FOCUS ON SUSTAINABILITY

The Emmen property is developed according to the BREEAM “Excellent” guidelines, ensuring top-tier sustainability standards. Key features include energy-efficient heating, modern sprinkler systems, and preparations for renewable energy integration. EV charging infrastructure and smart meters further enhance energy management, while environmentally responsible building materials and water-saving fittings align the property with the highest ecological standards.
