LOGISTICS GATEWAY IN OBERTRAUBLING

Obertraubling in southern Bavaria benefits from immediate access to the A3 at Regensburg-Ost, plus B15, B8 and rail links, and is about an hour from Munich Airport via the A92; a local airfield supports smaller cargo and business flights.

DYNAMIC ECONOMIC ENVIRONMENT

Proximity to Regensburg's thriving economy, with major automotive, engineering and tech firms, and an established industrial park, underpins strong demand; ready-to-build plots and supportive policies welcome new investments.

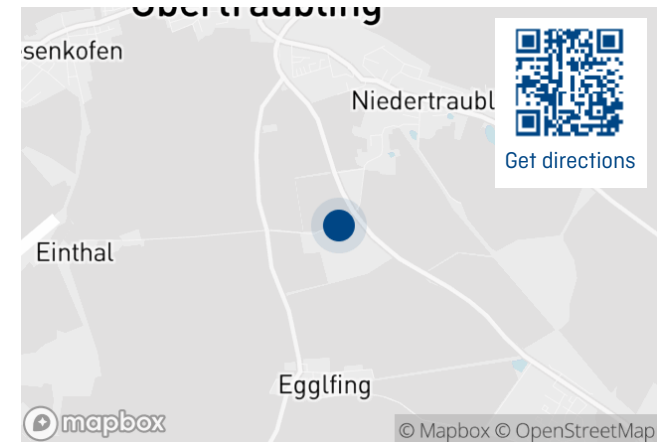

STATE-OF-THE-ART LOGISTICS PARK

The P3 park consists of two buildings completed in 2019 and 2020 with roughly 38,000 m² of space. The first phase offers two units of around 22,000 m² with 10 m clear height; the second adds about 16,000 m². Sustainable materials, efficient water and LED systems, ample dock doors and parking suit production and logistics operations.

STRATEGIC ADVANTAGES

Centrally located within Europe and connected to major transport corridors, Obertraubling provides an ideal base for national and international distribution, complemented by a skilled workforce and high-quality infrastructure.

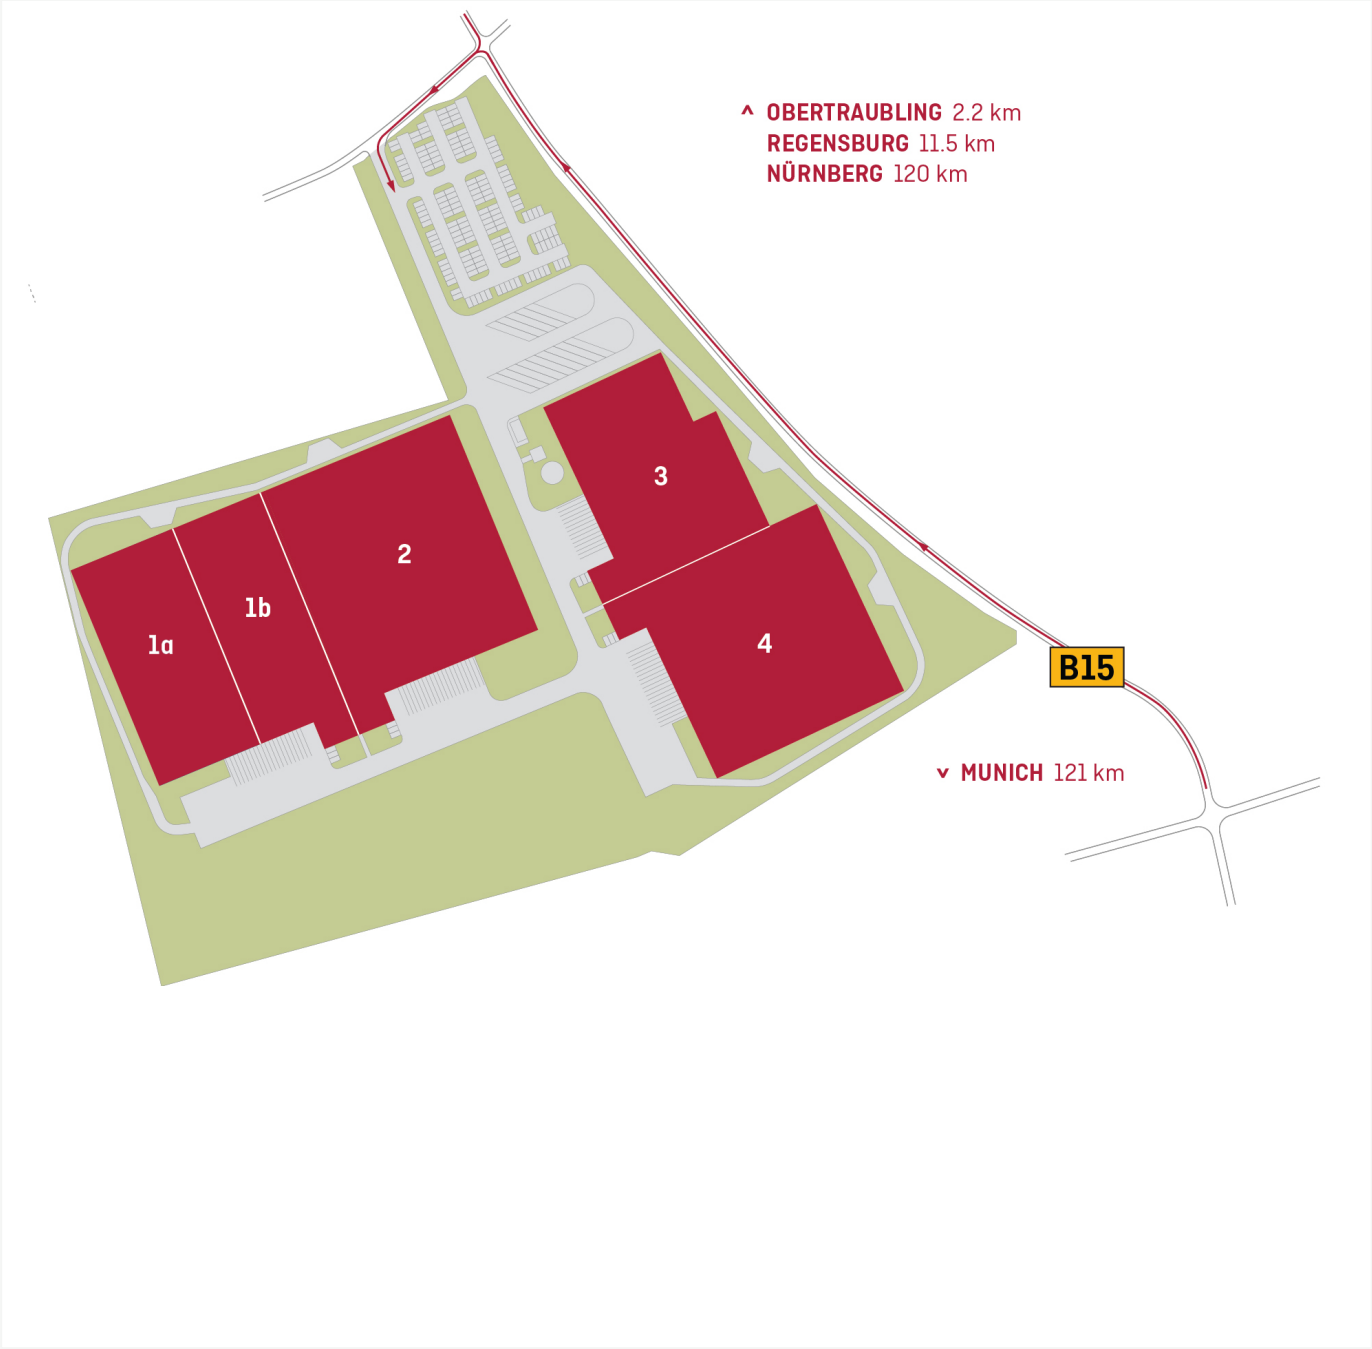

AVAILABLE UNIT of approximate 17.000m² as of mid October 2025
