LOCATION

Strategically located to serve the international logistics market, **P3 Reus** offers direct access and is within easy reach of key infrastructure and services.

With a stock in excess of 2.5 million sqm, the Reus-Tarragona logistics hub is home to leading distribution centres operating at the regional, national and continental level.

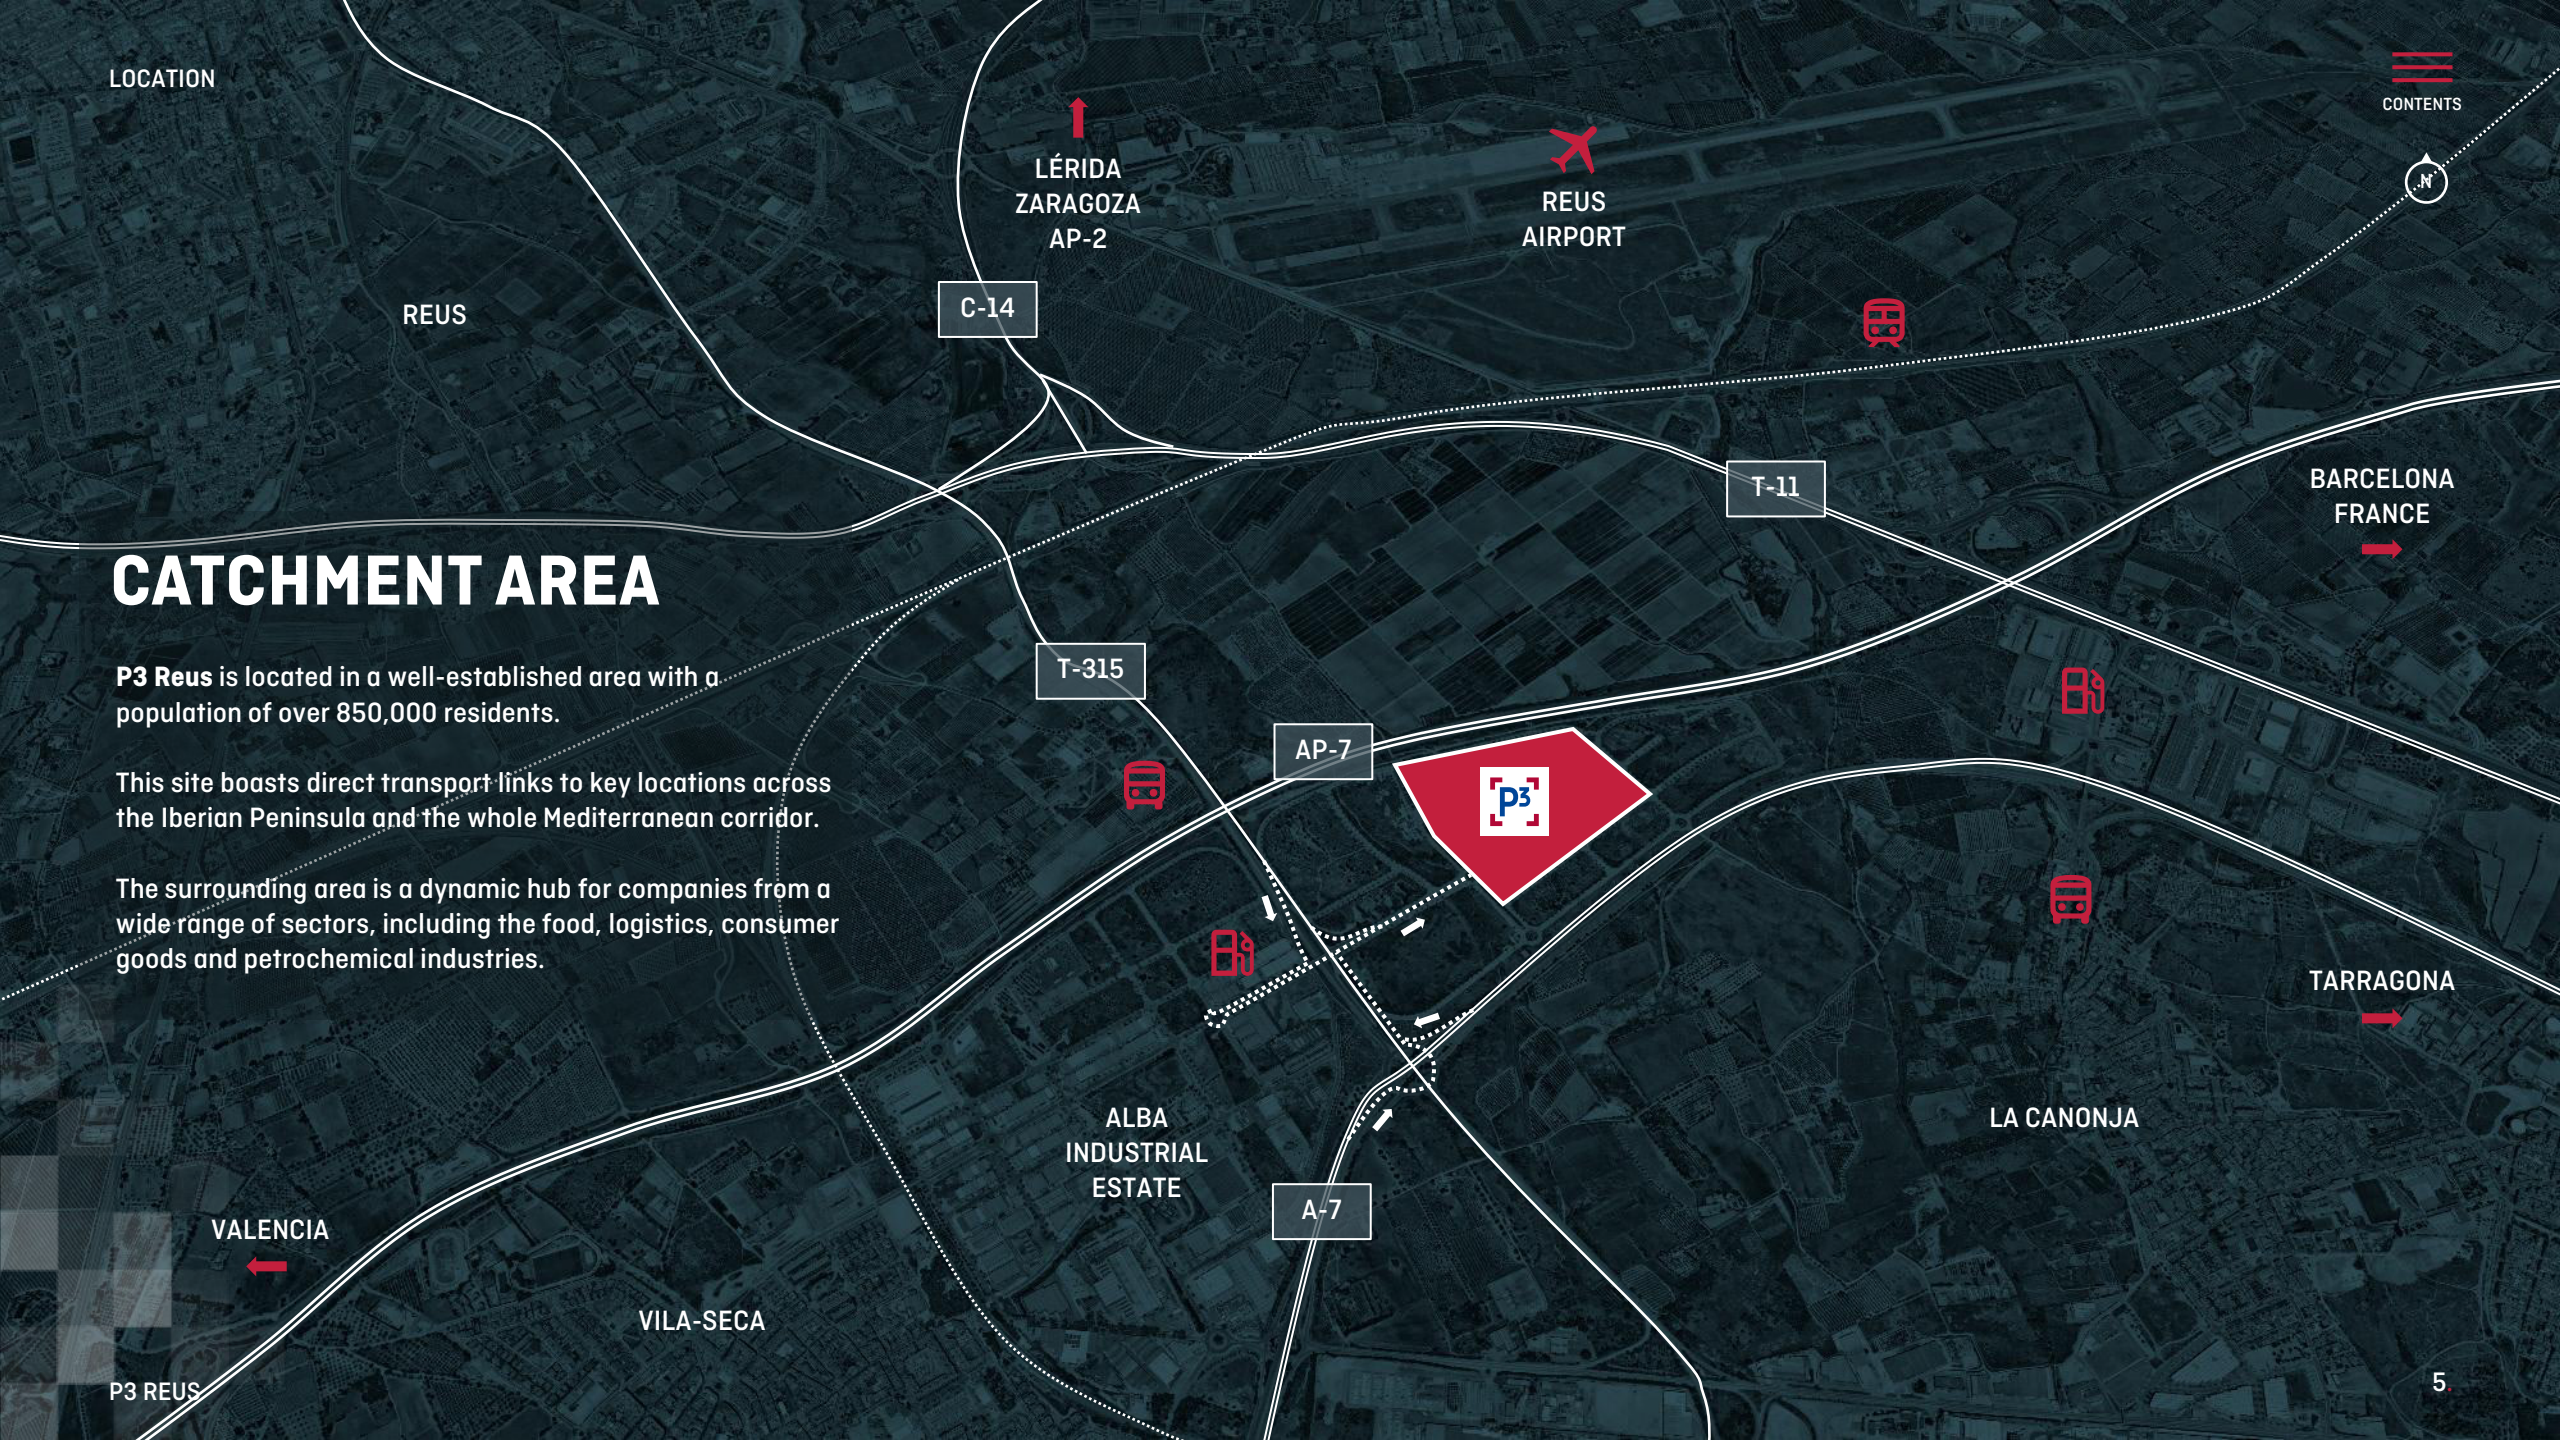

P3 Reus represents a truly unique BTS opportunity for XXL operations across southern Europe.

CATCHMENT AREA

P3 Reus is located in a well-established area with a population of over 850,000 residents.

This site boasts direct transport links to key locations across the Iberian Peninsula and the whole Mediterranean corridor.

The surrounding area is a dynamic hub for companies from a wide range of sectors, including the food, logistics, consumer goods and petrochemical industries.

P3 Reus is a BTS project that has been individually tailored to meet the needs of its future tenant – a unique site capable of housing a logistics platform of up to 111,000 sqm on one single 175,000 sqm plot.

Designed to the most exacting of standards, the property will also front onto the AP-7 and A-7 motorways.

ESG

P3 is committed to offering value through high quality assets that are prepared for the future, energy-efficient, safe and that ensure maximum operational efficiency for our tenants.

ESG is essential to our core values of integrity, ambition, high standards and teamwork, and it is our deep-rooted commitment to these principles that allows us to deliver outstanding value to clients, employees and shareholders.

- **SOCIETY:** people are the cornerstone of P3's ESG strategy and the key to our corporate vision: to help our clients thrive every day.
- **ENVIRONMENT:** we are dedicated to building a low-carbon future, always looking for new ways to address the challenges we face and seize any new opportunities.
- **GOVERNANCE:** we ensure we operate to the highest of ethical standards, acting responsibly and in compliance with all applicable laws and regulation. We are renowned for the flexibility and efficiency we bring to our operations, while also still ensuring we have the same level of controls in place as other industry leaders.
